

Lake Tahoe, California

LIFETIC

Why are we here? In every moment we have a chance to make a difference in someone's life. How well will we be able to do that solely depends on where we are in life. What we deliver and how we deliver it depends on why we do it. Join me for a weekend and develop your art and philosophy of chiropractic for life.

LIFE

LIFE TIC

CHIROPRACTIC WHY AND HOW FOR LIFE

My name is Stewart M. Bittman, D. C. I was born on September 11, 1956 in Flushing, NY. I moved to South Lake Tahoe, CA in 1979 and still live and “work” there with my wife Hillary. My main interests are chiropractic, Spirit, family, nature, teaching, writing and public speaking.

WHO AM I?

Much of the inspiration for my speaking and writing has come from my experiences in Central America where I have participated in 6 chiropractic missions. The mission doctors call themselves CREW (chiropractors restoring energy worldwide), an acronym I coined. On these missions, chiropractic was boiled down to its purest and sweetest essence. I witnessed the power of our principle and our practice, I experienced the power of service and love for their own sakes, and I am dedicated to sharing the good news that all this is possible in our own practices. My experiences as Spiritual Leader in Unity, which shares the same fundamental principles with chiropractic, have enhanced my understanding and my communication of these principles immensely.

Hillary and Stew

Stew and Hillary Bittman are published authors, international public speakers and workshop leaders, healers, spiritual leaders and peaceful warriors. Coming from an eclectic and extensive background of spiritual traditions, they have inspired people all over the world with their practical message of hope and healing.

For over 20 years, The Bittmans have had a mission to awaken the awareness of oneness between the spiritual and the physical. They operated Safe Haven Chiropractic, a healing center based on donations only, for 23 years. Thousands of individuals and families were given the opportunity to embrace their gifts, pursue their dreams and find the peace and wholeness that reside within all of us. Stew and Hillary have traveled the world teaching the principles of life and have participated in 6 chiropractic missions in Central America, bringing those principles to manifestation for literally hundreds of thousands of people.
